# Why Sigma?

- High street quality bean to cup coffee
- Barista style, thick bodied espresso
- Silky microfoam milk
- Flavoursome and creamy hot chocolate
- Coffee shop style speciality coffees
- Deliciously thick milkshake range
- 12 oz, 9 oz and 7 oz cup size options
- Standby energy saving software
- Multiple payment systems available
- Fast vend times
- Reliable, robust and well built machine
- Full machine branding available

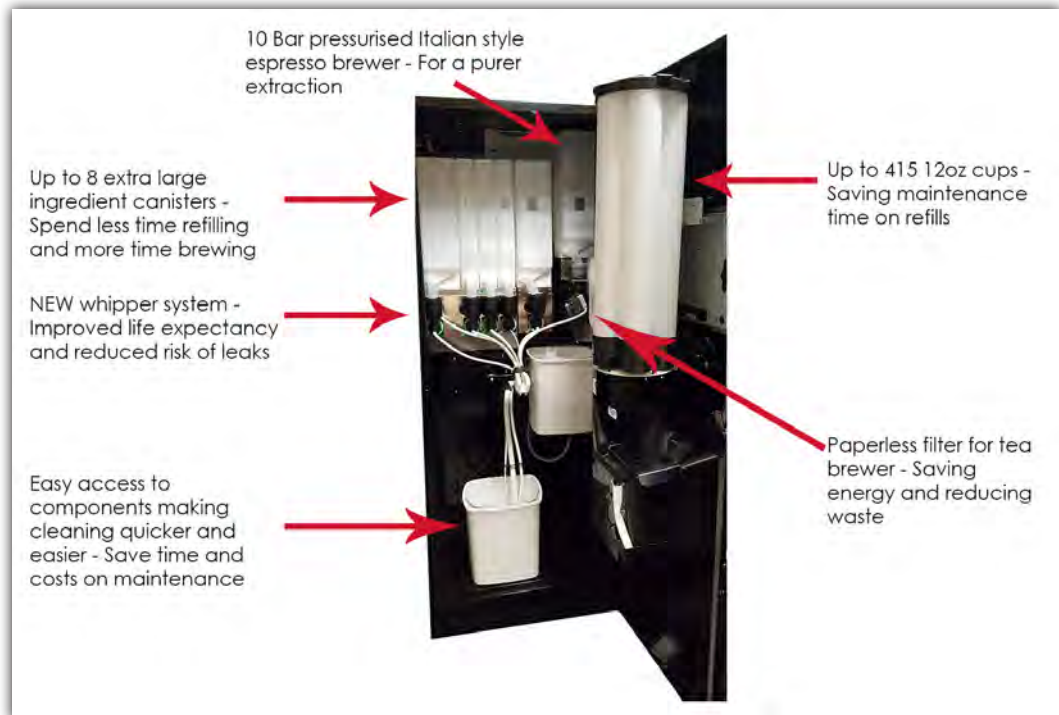

## Brand your machine!

The Sigma range offers full machine branding so you can promote your brand on the outer panels and menu screen.

Enhance the coffee shop experience with the retail add-on side pod!

Side pod includes cup, lid and stirrer storage compartments and spill-free waste unit. Go the extra mile for your customers!

# Sigma Touch

THE PERFECT BLEND OF INNOVATION,  
PRECISION AND TECHNOLOGY

The award winning Sigma Touch really has it all; barista style coffee, market leading technology, modern design and endless advertising potential. The high definition 19 inch touch screen gives you the ability to play video media such as advertisements and company messages. The touch screen menu brings an interactive and user friendly coffee shop experience with 'build-your-own' drinks menu, language options and accessibility choices.

**INTERACTIVE  
AND  
POWERFUL**

**Ideal for shopping  
centres, airports,  
hospitals and all  
public locations**

- Intuitive touch sensitive menu selection
- High-definition 19-inch touch screen with fully integrated speakers for high quality sound
- Stylish, sleek looks with strong accent lighting in the drink dispense station
- Opportunity to display your own corporate messages
- Draw customers to the machine with attention grabbing advertising
- In-built WIFI GPRS telemetry - putting you in total control (sim card required)
- Accessibility menu access specially designed for wheelchair users below the 1.2 metre standard
- Menus supplied in five languages as standard
- FREE audit software for downloading drink sales information to USB
- Energy management software reduces power use when inactive
- Single fresh brew, double fresh brew and whole bean / fresh brew models available

Available Coffee to Go surround unit for the ultimate Coffee Shop Experience. Boost your brand and attract more customers with this stunning retail add-on.

## Language and Accessibility

The Sigma Touch offers a range of language options including French, German, Spanish, Polish and Russian as standard.

The Touch and Simplicity have wheelchair accessibility options making the machines easier to use at an appropriate height.

## Green Credentials

- LED lighting – no more neon gas filled tubes to replace
- Unique, built-in energy management system reduces power consumption by up to 30% during inactive periods
- Use of recycled materials wherever possible
- Permanent, refillable ingredient canisters, paperless brewers and own-cup or bottle-fill facilities mean less packaging, wastage and ultimately cost
- UK manufactured with shorter logistics paths resulting in a reduced carbon footprint
