User friendly operation • Huge selection of drinks • Optional custom branding on machine exterior*

Freshly Made Coffee On-the-Go

From Espresso to Latte to Americano, Sigma assures a high standard of coffee and multiple options.

Alongside great coffee, you can enjoy a freshly brewed tea, hot chocolate or even a tasty milkshake - choose from a huge range of delicious drink options.

Customisation

Purchase your Sigma Touch in our classic Jet Black colour or have your machine branded with your company colours for complete continuity in your brand. Alternatively, select a coffee brand who will be happy to supply their striking graphics for your Sigma.

Payment Systems

Do you want to take payments on your Sigma machine? Easily enable customers to pay for their drink by adding a contactless or cash payment system. Make a visit to your machine viable for every customer, no matter what is in their wallet.
